

FACS Niagara Privacy Policy

FACS Niagara is committed to maintaining the accuracy, confidentiality, and security of your personally identifiable information ("Personal Information"). As part of this commitment, the following Privacy Principles govern our actions as they relate to the collection, use and disclosure of Personal Information. These principles are in accordance with our statutory obligations as set forth under the provisions of the "Ontario Child, Youth and Family Services Act" and the Privacy laws of Ontario.

Principle - Accountability

FACS Niagara is responsible for maintaining and protecting the Personal Information under its control.

FACS Niagara has established privacy policies and procedures and designated personnel to ensure compliance with this commitment.

Principle - Identifying Purposes

The purposes for which Personal Information is collected will be identified before or at the time the information is collected.

FACS Niagara collects personal information to provide a service to you. As a legally mandated child protection service provider, FACS Niagara collects information about children who may be at risk of harm or in need of our services.

This includes the personal information of the child, the child's caregivers and important persons in the child's life.

We collect this information from the child directly, from their families or indirectly from persons within the community including service providers.

We also collect information about caregivers and those who seek to provide care to children who are the subject of our service, such as foster parents, the child's community or extended family and adoptive parents.

The collection use and disclosure of personal information by FACS Niagara is conducted in accordance with Ontario Law.

Principle - Consent

As a Children's Aid Society, FACS Niagara does not require individual consent to execute our primary role as a child protection agency wherein we are required by law to collect, use or disclose personal information. This includes the sharing of personal information to assess, eliminate or reduce risk of serious harm.

Personal information collected by one Children's Aid Society may be provided to and accessed by another Children's Aid Society where the information is required in the provision of a child protection service.

As a Children's Aid Society, FACS Niagara may share information with a service provider where the information is necessary to deliver a service and in accordance with Ontario Law.

Where FACS Niagara is required to secure your consent, you may choose to say no. Your choice to say no may be subject to limitations.

You may be capable of making some information privacy decisions and not others. Where you are not "capable" of making your own privacy decisions, you may have a substitute decision maker, as prescribed by law, make information decisions on your behalf.

There is no legal age for children to make their own decisions about their personal information.

If the child is under the age of 16 years, the parent or guardian will be allowed to make some decisions about the child's personal information service records.

Where a capable child disagrees with the decision of the parent/guardian or Substitute Decision Maker, the child's decision will take precedence.

Where the child is not "capable" as defined by law, the parent or guardian will make decisions for the child as a substitute decision maker.

A parent or caregiver will not be able to make decisions about any records about treatment or counselling to which the capable child has alone, consented to the service.

Principle - Limiting Collection

The Personal Information collected will be limited to information necessary for the purposes as identified by FACS Niagara to provide the service.

Principle - Limiting Use, Disclosure and Retention

Personal Information may only be used or disclosed for the purpose for which it was collected unless you have otherwise consented, or when it is required or permitted by law.

Where FACS Niagara receives a request for information from a third party, the information will only be released where we have the consent of the individual to whom the information relates or where we are legally permitted or required to release the information.

As a Children's Aid Society, personal information collected by FACS Niagara will be documented in the Ontario Child Protection Information Network (CPIN).
